NIGHTINGALE BREAD

Seeks Worthy Candidates for Employment

Nightingale Bread seeks a few persons of hardy work ethic and stout moral fiber for immediate consideration in the roles of:

1. Bread baker
2. Pastry Creative Assistant / Baker
3. Hoagie Creative Assistant / Tech
4. Hoagie Sandwich Tech / Clerk
5. Shop Logistics Assistant

The bakery offers a positive work environment with good camaraderie, a shared commitment to high quality efforts and products, and a complete absence of fluorescent lights. All positions start at \$17/hour which may increase quickly depending on performance. Retirement plans, annual bonuses, quarterly scheduled breaks, and significant allowances for shop products are among the many benefits of working at the bakery. Furthermore, we offer an alternative to the often mind-numbing, phoney-baloney work that has lamentably come to characterize our age, with the honest and good work of a traditional skilled practice and historic trade, work you can be proud of.

Seeking committed persons with the desire to work a minimum of 20 hours a week. Attentiveness, professionalism, patience, and a disposition towards service all of great importance. Professional culinary experience not required, but an earnest attitude and persistent desire for excellence is.

All potential hires must complete a two-week trial period, which includes a handful of shifts worked out depending on availability, and does include a stipend.

Please fill out the application on the back of this page and include any relevant documents. Drop your application off and say hello for a moment on Saturday, January 6 between noon and 4pm, or Monday, January 8 between 5 and 7pm. Cheers!
